

PADWORTH COLLEGE NEWSLETTER SPRING TERM 2020

Inspection Success

All UK independent schools are subject to regular ISI inspections, to ensure quality of standards are maintained. In January 2020, Padworth College was subject to an unannounced inspection and we are pleased to report that all required standards were met.

Lorraine Atkins, Principal commented, "I am delighted that the inspectors recognise the hard work put in by the Padworth College team to ensure the ongoing safety and care of our students. Compliance is important in maintaining the quality of the student experience whilst they study with us".

Coronavirus Update - EASTER HOLIDAY

In light of the prevailing situation, following the updated guidance from the FCO, PHE and BSA, we are advising all of our students not to travel to affected areas during the forthcoming Easter break, to prevent any risk of contagion and to prevent the need for self-isolation when returning to the UK. We will be providing families and agents with suggestions and alternatives for this period, to stay in the UK.

For students who are planning to travel overseas to non-affected areas during the holiday, travel arrangements must be confirmed with the College. This includes travel to areas not currently at risk, as the outbreak continues to spread. We will continue to review the situation and will provide further updates over the coming weeks.

Self-Isolation Requirements for Students Enrolling in the Summer Term

We are now also making arrangements for those students enrolling at Padworth College in the Summer Term, who are travelling from affected areas.

Further information and official UK Government advice can be found here:
<https://www.gov.uk/guidance/coronavirus-covid-19-information-for-the-public>

Please do contact the College if you wish to discuss further.

Community Support

Padworth College's Fundraising Club was proud to present a cheque recently to the Camrose Centre.

The Camrose Centre is a charity which provides support and assistance to the homeless, vulnerably housed and socially isolated in the Basingstoke area, offering clients breakfast and a hot lunch in a safe welcoming environment, with basic washing facilities, and a variety of essential items including toiletries and towels, clothes and shoes, and rucksacks, tents and sleeping bags.

Ongoing support seeks to empower those in need to make lasting positive changes. The amazing and dedicated team there manage to cater for up to forty people per week, with an emphasis on providing healthy, nourishing meals and lifestyle support.

Boarders Trip/University Fair

The programme of UCAS support continues for the Sixth Form students. At a recent Universities Fair in central London, the students engaged well with lots of different universities and got some helpful information on the courses and options available. Students also attended seminars on "How to write a powerful personal statement", "Applying to study in the UK" and "Hints and tips on the IELTS test"

NCUK International Foundation Year Programme

Places are still available for the NCUK International Foundation Year Programme, for September 2020. This course is suitable for students age 17-18 and provides a GUARANTEED place at one of the 16 NCUK guaranteed universities, upon successful completion of the course. Contact admissions@padworth.com to apply.

The IFY in Business is particularly suitable for students who are seeking a career in business, finance and all areas of management/leadership. Academic modules studied are Mathematics (for Business), Business Studies, Economics and English for Academic Purposes.

The IFY in Engineering is most suitable for students seeking a career in civil, mechanical, chemical and all other areas of engineering. This pathway is also suitable for students who seek many science based university courses such as Computer Science, Material Science or pure science subjects. Academic modules studied are Mathematics (for Engineering), Physics, Chemistry and English for Academic Purposes.

Please note there is an introductory offer on commission which will be 20% (of full boarding and tuition fees), for all September 2020 placements on this course only.
